**Add:** "lifts your voices, the voices of families and students, and works with teachers, community members and the Board of Education to protect your rights and to clarify your responsibilities. Our goal with this Parent/Student Handbook on Rights and Responsibilities is to provide information and tools to guide you to access the support you need.

**Delete:** "worked throughout the school year to review and recommend updates to this Parent/Student Handbook on Rights and Responsibilities. This Handbook is designed to provide information and tools based on School Board policy to guide our students and their families to access the support they may need for school and lifelong success. We encourage families to review the Handbook and to seek out support and services provided at the school and District level.

We have added the "Know Your Rights" page as well as highlights of changes to suspension and expulsion procedures in the Illinois School Code that went into effect in the 2016-17 school year. Generally, these rights that are identified on the Know Your Rights page also appear on other pages of the Handbook. We added this feature for easier access to matters about which parents or students might want handy information.

Pro Tip: If you need assistance with understanding your child's school records, the school can provide someone to guide you through the documents."

**Comment:** Know Your Rights was new last year. The comment is no longer relevant. The other language that is deleted per this edit is not helpful and will stop people from reading the message.
